

GloBrite®
Safety Signage

fire safety signs

Smoke is spreading and you have to act now. It's all about locating the safety equipment you need.

Photoluminescent **Glo Brite® Safety Signs** absorb and store ambient light. In the case of an emergency blackout or smoky conditions, these reliable safety signs are immediately visible, clearly marking safety equipment and fire exits, and reducing the risk of panic.

egress signs

When people find themselves in dark or smoky conditions, what they need most is a safe way out.

Glo Brite® Egress Signs are the reliable safety signage solution for marking your emergency egress route. These photoluminescent directional signs absorb and store ambient light, immediately creating a clear egress pathway during emergency blackout or smoky conditions.
